

# Scimedico Safety Slime!

Do you work at a GROSSING STATION? Does your staff? Ask yourself how do you clean your computer keyboard of all the dust, muck, and crud IN YOUR LAB?

## THE SCIMEDICO COMMITMENT

Scimedico is the leading preventive maintenance provider for grossing stations and all large scale Pathology equipment. From the grossing lab, to your autopsy suite, to your morgue environment, Scimedico is here to keep you safe - we work for you, the end user.

The Scimedico Mission is the safety of your staff, the efficiency of your lab, and the hygiene of your workplace – and the Scimedico Safety Slime you received from Scimedico is fun and at the same time a serious example of OUR commitment.

## ABOUT PREVENTIVE MAINTENANCE

The essential work conducted every day in Pathology, Histology, Necropsy, Education, and Forensic Lab environments produces a variety of safety, hygiene, and basic work place by-product. Scimedico's Preventive Maintenance Solutions address:

- Staff safety
- Lab hygiene and specimen control
- Operational efficiency
- Ongoing equipment maintenance needs
- Maximization of warranty coverage
- Work place quality and cleanliness

## ABOUT SAFETY SLIME

Scimedico Safety Slime is part of the Scimedico PM Kit. Scimedico Safety Slime provides a reusable cleaning solution for laboratory computer keyboards and rugged surfaces such as your computer mouse, printers, or phone.

Made of biodegradable gel, Scimedico Safety Slime is safe to handle, reusable, and has a fresh citrus fragrance. Visit us online at [www.scimedico.com/safetyslime](http://www.scimedico.com/safetyslime)
